PROFESSIONAL PROFILE

Computer Software Engineering student and developer with a strong interest in mobile application development, product building, mentoring, and problem solving. Currently pursuing a Bachelor's degree in Computer Software Engineering at CHITECHMA University of Buea, with a completed Higher National Diploma (HND) in Computer Software Engineering. I have over two years of hands-on learning and development experience with Flutter and Dart and have built and contributed to practical software projects. I currently mentor and teach software engineering interns in application development at Telnet Cameroon. I am passionate about building useful technology, learning continuously, and helping others grow their technical skills.

PROFESSIONAL EXPERIENCE

Software Development Mentor / App Development

Telnet Cameroon — Malingo Junction, Buea

February 2026 – Present

- Mentor and guide software engineering interns in application development.
- Teach practical software development concepts and support interns during project work.
- Share hands-on knowledge in Flutter, Dart, Firebase, Git/GitHub and application development workflows.

Software Engineering Intern

Afayi Solutions — Molyko, Buea

1 May 2025 – 14 July 2025

- Completed a software engineering internship as part of the practical requirements for the HND examination.
- Gained practical exposure to software development, teamwork, problem solving and professional workflows.
